Each of the posts is clickable, and can go to the comment section after clicking onto it.

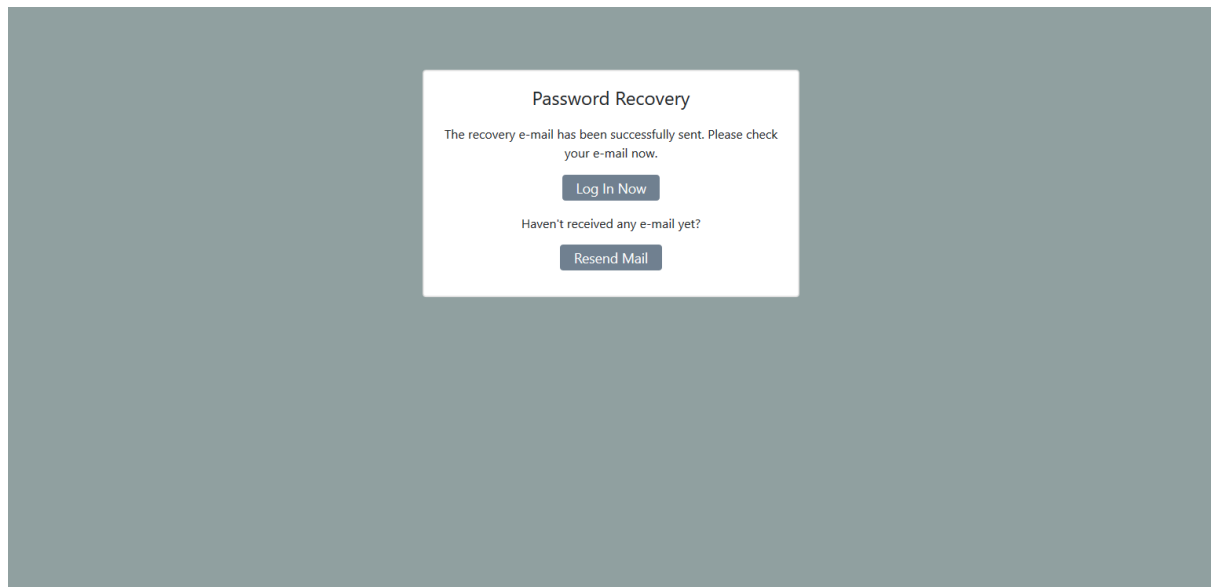

This is the login page

The screenshot shows a web application interface with a dark blue header. The header contains the text "Site Name", a dropdown menu labeled "Options", a search bar with the placeholder "Search" and a magnifying glass icon, and two links: "Log In" and "Sign Up". The main content area has a light gray background. In the center, there is a white rectangular box titled "Password Recovery". Inside this box, the text "Please enter your e-mail:" is followed by a text input field containing "test@gmail.com". Below the input field are two buttons: "Send Recovery Mail" and "Go Back".

For the “Password Recovery”, users are asked to provide their email addresses, then the account password will be sent to the email addresses if there is a corresponding account registered with.

The screenshot shows the same web application interface as the previous one. The main content area has a light gray background. In the center, there is a white rectangular box titled "Password Recovery". Inside this box, the text "The recovery e-mail has been successfully sent. Please check your e-mail now." is displayed. Below this text is a button labeled "Log In Now". Further down, the text "Haven't received any e-mail yet?" is followed by a button labeled "Resend Mail".

With Log in:

After logging in, users can make posts, like and comment on others' posts. Also the recommendations block will display the recommended posts based on what the user searched before.

For the searching feature, users can either search by posts containing the keyword, or search by categories.

This is searched by posts

The screenshot shows a web application interface with a dark blue header. The header contains 'Site Name', 'Options' with a dropdown arrow, a search bar with the text 'Search' and a magnifying glass icon, and links for 'Log In' and 'Sign Up'. Below the header, there is a white search box with a blue header 'Search'. Inside the search box, there is a 'Type:' label with two radio buttons: 'Post' (selected) and 'Category'. To the right of the radio buttons is a text input field containing the word 'big' and a magnifying glass icon. Below the search box, there is a white box with a blue header 'Search by Posts'. Inside this box, there is a single search result: 'big brain by Damon @ 2020-04-09 16:11:16. 0 likes. Category: Humor.' followed by the text 'There are no more results.'

This is search by categories

The screenshot shows the same web application interface as the previous one, but with the 'Category' radio button selected. The search bar in the header still contains 'Search'. The search box below has a blue header 'Search' and the 'Type:' label now has 'Category' selected. The text input field contains the word 'Humor' and a magnifying glass icon. Below the search box, there is a white box with a blue header 'Search by Category'. Inside this box, there are three search results: 'big brain by Damon @ 2020-04-09 16:11:16. 0 likes. Category: Humor.', 'You see, comrade by Damon @ 2020-04-08 09:28:47. 3 likes. Category: Humor.', and 'you all are by dakeen @ 2020-04-02 22:36:48. 4 likes. Category: Humor.' followed by the text 'There are no more results.'

There will be a “Show More” button if there are more results to show.

The screenshot shows a web application interface with a dark blue header. The header contains the text "Site Name", a dropdown menu labeled "Options", a search bar with the placeholder "Search", and two links: "Log In" and "Sign Up". Below the header, there is a large white search box with a blue "Search" button. Below the search box, there is a section titled "Search by Category" with a blue header. Under this section, there are four search results, each consisting of a text snippet, a timestamp, a like count, and a category. The results are: "Please ignore this too by [redacted] @ 2020-04-09 18:48:02. 0 likes. Category: Uncategorized.", "Please ignore by [redacted] @ 2020-04-09 18:46:44. 0 likes. Category: Uncategorized.", "bye by Chris @ 2020-04-09 04:54:57. 0 likes. Category: Uncategorized.", and "hi by Chris @ 2020-04-09 04:53:25. 0 likes. Category: Uncategorized.". Below these results, there is a "Show More" button.
